aspire LITE TRANSIT

The Aspire LITE TRANSIT is a lightweight wheelchair ideal for carer assisted transport. The compact lightweight frame makes it easy to transfer in and out of the car. Attendant brakes and 12 inch rear wheels assist the carer in negotiating indoor and outdoor terrain smoothly and safely. While the height adjustable armrests allow the user close access to tables or quick adjustment for comfort.

aspire LITE (ULTRALITE)

The Aspire LITE is an 'ultra lightweight' wheelchair that is ideal for occasional use. The Aspire LITE is designed with the carer in mind. The compact, lightweight frame makes it easy to transfer in and out of a car. The push button, height adjustable armrests make it versatile, allowing the user to be positioned at a table and quickly adjusted for comfort.
