

OFFLOADING PRESSURE IN THE HIGH RISK AREA

For completely offloading of the rectal area

Adjustable non-contact area

Stable positioning

The Vicair Centre Relief is the best choice if you need to completely offload the rectum perineum and coccyx area. By simply removing SmartCells from the centre circle compartment you create a non-contact area. This important feature makes a great difference for persons with (for instance) localized deep pressure ulcers, rectum or tailbone problems. Or after perineal surgery.

The Vicair Centre Relief helps you to sit comfortably and safe, even in the most painful situations.
