

# aspire

## AIR LIFT CHAIRS

A stylish and clinically effective seating solution to maximise independence, comfort and pressure relief

### aspire for...

Comfort

Support

Relief

World's leading high stretch, durable and breathable healthcare fabric

Space Saving Design - Single Motor

Infinite Position - Dual Motor

Adjustable Pressure Relief Seating

Customisable Seat Depth

The Aspire Air Lift Chair's unique design promotes skin immersion and envelopment. Pressure on the skin's surface is re-distributed, reducing the risk of pressure injury associated with prolonged sitting.

Ideal for clinical and aged care environments, Genuine Dartex® Fabric Surface and modular pressure relief system maximise comfort while integrated postural contours support optimal positioning.

The Space Saver model allows for the chair to be placed close to a wall, ideal for smaller rooms.

The rise function and leverage grips promote increased user independence in sit-to-stand transfers whilst the recline function allows a relaxed position in times of user fatigue.

**SPACE SAVER**

Space saving recline for close wall positioning

**SINGLE MOTOR**  
Back and legs move simultaneously

**Space Saving Positions - Single Motor**

FULL RECLINE

UPRIGHT POSITION

FORWARD LIFT

**REMOVABLE BACKREST**  
Removable backrest and seat cushion for easy cleaning and maintenance

**BACK REST CHARACTERISTICS**  
Multilayer foam and fibre pillow sections provide a soft, breathable and supportive surface ideal for extended periods of sitting

**PADDED ARMREST OVERLAYS**  
Provide an extra soft and comfortable elbow & forearm resting surface

**PATIENT SURFACE - ADJUSTABLE PRESSURE**  
Contoured air bladder in the seating surface can be easily inflated and adjusted with integrated hand pump - stowed and concealed within chair when not in use

**MOBILITY READY**  
A set of 4 swivel castors facilitate easy movement for cleaning and transportation. Provided separately, as not attached (NB. Castors increase seat height)

**DEPTH ADJUSTABLE SEAT**  
A 50mm adjustment offering for customised user comfort and positioning

**ACCESSIBLE STORAGE**  
Large side pocket for convenient storage. The chair's handset is conveniently fitted in the pocket, allowing users to reel in a dropped handset, discouraging leaning and possible falls.

**LEVERAGE GRIPS**  
Together with the rise functionality, promote user independence in sit-to-stand transfers

The Aspire Air Lift Chair's unique design promotes skin immersion and envelopment. Pressure on the skin's surface is re-distributed, reducing the risk of pressure injury associated with prolonged sitting.

Ideal for clinical and aged care environments, Genuine Dartex® Fabric Surface and modular pressure relief system maximise comfort while integrated postural contours support optimal positioning.

The Dual Action model allows for the chair to be operated in an infinite amount of positions, with the backrest and legrest operating independently which ensures maximum user comfort.

The rise function and leverage grips promote increased user independence in sit-to-stand transfers whilst the recline function allows a relaxed position in times of user fatigue.

## DUAL ACTION

INDEPENDANT BACK REST

INDEPENDANT LEG REST

Dual control of leg and recline for infinite positioning

**DUAL MOTOR**  
Back and legs move/recline independently

Tested to International Standards

### REMOVABLE BACKREST

Removable backrest and seat cushion for easy cleaning and maintenance

### BACK REST CHARACTERISTICS

Multilayer foam and fibre pillow sections provide a soft, breathable and supportive surface ideal for extended periods of sitting

### PADDED ARMREST OVERLAYS

Provide an extra soft and comfortable elbow & forearm resting surface

### PATIENT SURFACE - ADJUSTABLE PRESSURE

Contoured air bladder in the seating surface can be easily inflated and adjusted with integrated hand pump - stowed and concealed within chair when not in use

### MOBILITY READY

A set of 4 swivel castors facilitate easy movement for cleaning and transportation. Provided separately, as not attached (NB. Castors increase seat height)

### DEPTH ADJUSTABLE SEAT

A 50mm adjustment offering for customised user comfort and positioning

### ACCESSIBLE STORAGE

Large side pocket for convenient storage. The chair's handset is conveniently fitted in the pocket, allowing users to reel in a dropped handset, discouraging leaning and possible falls.

### LEVERAGE GRIPS

Together with the rise functionality, promote user independence in sit-to-stand transfers

# CLINICAL CONSIDERATIONS

## OPTIMAL POSITIONING AND POSTURE

- From its rise function to its thoughtfully positioned leverage grips, the design of the Air Lift Chair promotes user independence in sit-to-stand transfers
- For the user, this serves to preserve muscle strength and coordination
- For the carer, this means less manual handling effort is required

## OEDEMA MANAGEMENT

- The generous leg raise angle assists with the management of lower limb oedema

## ANTHROPOMETRIC CONSIDERATIONS

- Two sizes with inbuilt adjustability to ensure correct fit and postural support

## PRACTICALLY DESIGNED

- Transportation castors included as standard make manoeuvring the chair hassle-free to facilitate cleaning in rooms
- The cover is easily removed to allow easy laundering and ensure compliance with infection control standards
- The backrest and seat cushion are also easily removed to allow convenient cleaning and maintenance

## PRESSURE INJURY MANAGEMENT

- Pressure injury management and prevention is the cornerstone of the Aspire Air Lift Chair's design
- Figure 1.1 & 1.2 show the pressure mapping performance of the Aspire Air Lift Chair vs another leading product (50kg Female mapped)

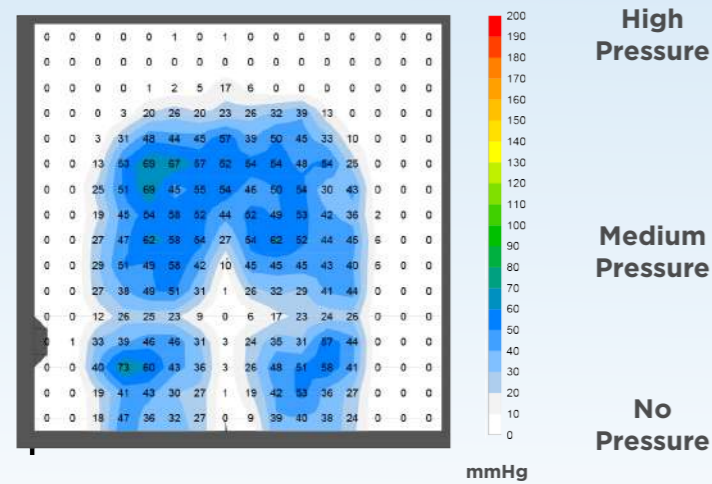

FIGURE 1.2 - A LEADING PRODUCT

## IMMERSION & ENVELOPMENT

Aspire Air Lift Chairs have been designed with Dartex® PU Fabric to maximise skin Immersion (Figure 1.3) and Envelopment (Figure 1.4). This is fundamental for a support surface to effectively redistribute pressure, improving blood flow which promotes healing.

# PATIENT SURFACE

## GENUINE DARTEX® PU FABRIC

Well respected in the healthcare industry, Dartex® PU fabric is the perfect patient surface solution for treatment and management of pressure injuries through its 5 key characteristics (Figure 1.5).

FIGURE 1.5

## PATIENT & CARER BENEFITS

Designed specifically for pressure care needs

Removable anti-bacterial/anti-microbial cover for infection control management

Waterproof yet breathable for improved skin microclimate
